

Trerose

Wine Region: Tuscany, Italy Winemaker: Pietro Riccobono

Trerose is located near the historic Tuscan town of Montepulciano, the production center of the well-regarded *Vino Nobile di Montepulciano* DOGG. Perhaps the least known of Tuscany's "Big Three" DOCGs, it is of equal prestige as Chianti Classico and Brunello di Montalcino. Trerose's commitment to Sangiovese (locally called Prugnolo), its unique terroir and its precise viticultural and vinification techniques culminate in the production of an array of distinctive, high quality wines.

The *Vino Nobile* production zone is positioned on a hilly ridge between Val di Chiana and Val d'Orcia at altitudes between 820 and 1900 feet. The climate is largely influenced by the nearby Trasimeno Lake and has soils that enjoy a variety of geological features including marine fossils, sandstone, salt rich clay and precious silt deposits.

The Trerose estate is situated in a picturesque 16th century Tuscan villa, Villa Romizi, on the slopes of Valiano di Montepulciano. The estate covers 445 acres, of which 193 are under vine. 136 acres are dedicated to the production of *Vino Nobile* DOCG with the remainder used for production of Rosso di Montepulciano DOC and additional varieties.

- **SALTERIO ROSSO DI MONTEPULCIANO DOC** Sangiovese and complimentary grapes. Bright ruby red with violet edges. An ample nose of red fruit leads into rich flavors of prunes and cherries.
- **SIMPOSIO VINO NOBILE DI MONTEPULCIANO DOCG** Garnet red with complex aromas of spices and minerals with a prevailing note of coffee. Firm structure that opens up to an alternation between sweet and elegant flavors.
- **SANTA CATERINA VINO NOBILE DI MONTEPULCIANO DOCG** 100% Sangiovese. Ruby red with purple hues. An explosion of red fruit reminiscent of brandied cherries, currants, blackberries, bitter orange and myrtle berries. On the palate, it has a unique sweetness and softness that only Sangiovese grapes from the Montepulciano area can achieve.

- On July 1, 1980, "Nobile" was among the first Italian wines to be granted Denominazione di Origine Controllata e Garantita (DOCG) status
- The Trerose estate covers 445 acres, of which 193 are under vine, in the historic heartland of *Vino Nobile di Montepulciano* appellation
- Using only 100% Sangiovese - locally known as Prugnolo (NO international varieties), allows Trerose to fully express its terroir
- Precision farming sets Trerose apart as a winery that is both traditional and innovative crafting wines with great identity
