TERRA ANDINA

Wine Region: Chile, Argentina, Brazil Winemaker: Eduardo Alemparte

Terra Andina wines are inspired by the vibrancy of South America. At its core, Terra Andina is free-spirited by nature, exuding the best qualities of South America: relentlessly energetic, inherently open-minded, and undeniably social. Terra Andina wines are meant to be enjoyed, and above all shared with friends, enriching any occasion.

Terra Andina's Chief Winemaker, Eduardo Alemparte, has traveled throughout South America, experiencing first-hand how each region's wine style is interwoven with the fabric of its culture. He has drawn inspiration from the diversity of valleys, varieties and people in the aim to create the best wines that fully reflect the South American vibe. From the bold Andes to the fresh Pacific, the dramatic landscapes of Chile, Argentina and Brazil have served as muse for Terra Andina wines.

- **BOLD CABERNET SAUVIGNON** Bold and full-bodied, and like the Chilean Andes Mountains it comes from, slightly untamed. Expect notes of black cherry, dark chocolate, and vanilla.
- **CHIC SPARKLING MOSCATO** Chic, refreshing and like Brazil itself, fun and full of life. You can expect tropical and floral notes with a seductive sweetness.
- **COOL MOSCATO** Has a very expressive and unique nose with jasmine, lychees and floral notes.
- **FRESH SAUVIGNON BLANC** Fresh, crisp, and like Chile's Pacific Ocean close to its vineyards, thoroughly refreshing. Expect floral notes and a bright, citrusy quality.
- **RICH MALBEC** Rich, silky, and like the High Plains of Argentina it comes from, warm and generous. Expect notes of raspberries, blackberries and violets.
- **SCANDALOUS CARMENÈRE** Caught up in a scandalous case of mistaken identity, this "lost grape of Bordeaux" has been rediscovered and adopted as Chile's signature grape – and it's scandalously delicious. Expect notes of plums, berries, cedar and spice.
