

Crema de Alba

Region: Jerez, Spain Date Established: 1877

Crema de Alba
GRAN DUQUE D'ALBA

Bodegas Williams & Humbert, founded in 1877 by brothers-in-law Sir Andrew Williams and Arthur Humbert has been considered one of the world's most prestigious wine and spirits producers for more than 130 years. Located in the heart of Jerez de la Frontera, the heart of sherry production, and with vineyards spanning more than 1200 acres, Bodegas Williams & Humbert has utilized the solera system of aging not only their sherries—but in the aging of one of the oldest and most refined Spanish brandy lines, Gran Duque D'Alba.

Crema de Alba is the only cream liqueur of its kind in the world. It combines Gran Duque D'Alba Gran Reserva, a 12 year old Brandy de Jerez with unique dairy creams of vanilla and cocoa. Crema de Alba has a rich, complex and decadent taste that is a creamy balance between the sweetness of Crema and Grand Duque de Alba Brandy de Jerez.

Crema de Alba can be enjoyed in many ways from the traditional, chilled or neat, to classic cocktails like The Alexander #2. Crema de Alba's superior quality and decadent taste lends itself to unique cocktail creations.

- CREMA DE ALBA LIQUEUR Dark fruit and chocolate notes of the Gran Duque D'Alba base combined with vanilla notes and cream, the flavor profile is reminiscent of a decadent dessert. The lighter viscosity and complexity of flavor allows one to enjoy the cordial as a neat chilled after dinner treat, or as a key ingredient in a dessert or coffee cocktail.

- Only cream-based liqueur from ultra- premium Solera Gran Reserva Brandy
