

Pioneers IN TEQUILA

*Bribón represents a proud family heritage,
a dedication to authenticity, and a desire to
produce the highest quality of tequila.*

Distilling blue agave tequila since 1840, Roberto Orendain's family proudly reintroduces Bribón Tequila, the most enticing tequila you've ever known – now with a new, sleek, and chic packaging redesign.

Remaining faithful to nearly 200 years of heritage and embracing innovation, we draw from the experience of multiple generations. Our tried and true techniques, methodical recipes, terroir appreciation, love of the earth, and passion, all allows us to produce a tequila that is bold and flavorful, yet at the same time sophisticated and approachable.

WHERE LEGENDS ARE CREATED & TEQUILA IS BORN

*“EL BRIBÓN” was a wildly charismatic
and courageous man about the town...*

He traveled across Mexico living life to the fullest, lifting the spirits of every man and woman who was fortunate enough to share some time – and some tequila – with him.

Today, Tequila Bribón pays homage to the spirit of El Bribón: a person who sets his or her own rules... who never accepts negativity, and who – above all – always embraces life.

This 100% blue agave tequila captures this essence. You cannot drink Bribón tequila without being drawn to its very nature. We recommend enjoying Bribón on its own (neat or on the rocks) or in classic and contemporary cocktails.
