DESCRIPTION

COLOR: Deep Ruby Red

NOSE: Bright and lively, with marked overtones of black fruits (blackberries, plum) combined with hints of coffee and chocolate. The blend of different grape varieties gives this wine an interesting variety of fragrances and flavors.

TASTE: Pleasing and well-balanced to the palate, with hints of black cherries, exotic spices and vanilla and with a soft, velvety tannin taste

VINIFICATION

The wine is fermented in contact with the grape skins at a temperature of not more than 79°F, in order to preserve its fruity aroma. The wine is then aged in stainless steel tanks and in medium-sized casks for about 12 months, after which the wines are blended and allowed to age for a further 2/3 months in stainless steel tanks before bottling.
